Task 1 English –

Description challenge

Can you describe the sounds that the giant's footsteps might cause?

Can you make a list of different sounds?

Can you start a sentence with one of those sounds?

E.g. Thud! Thud! Thud! The enormous feet waded easily through the ocean.

Finish the story

Have you ever wondered what causes the waves in the ocean?

Sometimes in life, things are not as they seem.

Footsteps could be heard in the distance. Not careful, quiet footsteps, like those someone like you might make as you move about your living room. No. These footsteps were different: they shook the very earth with every colossal stride. He was coming...

Task 3 – Reading

Either read your book, select an e-book from Oxford Owl or Bug Club and read for at least 20 minutes.
