Many people from the mainland thought the Smiths were a strange family.

Sure, life out here on the island was very different. For a start, they didn't get their groceries from a supermarket, or visit the local pizza restaurant on a Friday night for a treat!

The weather up here could often be quite dramatic, even frightening. They frequently felt like the world was against them, yet they somehow found a way to harness nature's offerings.

It may be far from what most people would call 'civilisation', but it suited the Smiths just fine...
