English

Finish the story

As soon as their delivery of building materials had arrived, the team set off to work. It looked like the clouds in the distance were beginning to spit rain down at the sleeping countryside, so they knew they must work quickly and effectively. The team were confident however: this was not their first giant Lego structure...

Can you continue the story?

Alternatively, could you write a set of instructions on how to build a Lego structure?

Question time!

Who are the team that are building the Lego structure?

What is it you think they are building?

Why do the team of builders need to work quickly?

How long do you think it will take them to finish?

Have you ever built anything before?

What skills must a builder possess?

What obstacles/challenges might the builders face?

Which of the builders do you think is in charge?

Where are their parents?

Reading

Either read your book, select an e-book from Oxford Owl or Bug Club and read for at least 20 minutes.

Maths

Section 1

Reflect the shape in the line.

Section 2

How much is here?

Section 3

Fill in the missing number:

$$6000 + \boxed{} + 30 + 8 = 6538$$

Section 4

Order these numbers smallest to largest.

5866 5678 5896 5687 5750

<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------	----------------------	----------------------

smallest

largest

Section 5

Colour half the circle then write the equivalent fraction to $\frac{1}{2}$.

$$\frac{1}{2} = \frac{}{12}$$

Section 6

Tickets to the cinema are £9 per adult and £7.25 for teenagers. How much would it cost for 3 adults and 2 teenagers?

Section 7

Write the missing numbers in the boxes.

1000 less	<input type="text"/>	1000 more
<input type="text"/>	8014	<input type="text"/>

Section 8

What is missing from these statements?

$$110 \quad \boxed{} \quad 11 = 10$$

$$2 = \boxed{} \div 11$$

Science

Digestive system and teeth
